Please reconsider your cease and desist order for uber within South Carolina. While there is room for improvement (as there is for almost everything) this is an innovative service that has revolutionized transportation. Much of the publicity has come from existing Taxi services due to their slowdown in business. To restrict innovation and evolution to satisfy the status quo is un-American.

Thank you,  
Chris Zimmer

Please reinstate Uber in South Carolina. The lack of taxis in cities like Greenville and Anderson is a large part of Uber's success. Lack of choice and lack of competition is a bad combination for consumers.

Hi,

I've safely used UBER multiple times and find it much more safe and prompt than other public transport options. This should be a consumer driven choice for the people. Please don't make this progressive option disappear. Thanks  
Jonathan

Please do not suspend the Uber service. My children (age 22 and 25) and friends use this service every time they venture out for dinner and drinks. It's very safe and affordable. I would suggest that DUI violations have decreased in SC since Uber began to offer its service model .....check the stats. Keep us safe PSC.
